

Job Postings

Type: Athletic Trainer-Outreach

Employer: AU Health Medical Center

Location: Augusta, GA

Preferred Education: Bachelor's degree from accredited college or university. Master's degree preferred.

Salary:

Job Description/Employer Information:

The Athletic Trainer is responsible for the delivery of health care services as part of a multidisciplinary team by providing athletic training services that are in accordance with GA and/or SC state practice acts. The incumbent may work in one or more of the following settings: 1) collegiate/high school/middle school outreach, 2) community/special event coverage, and/or 3) clinical physician support.

The current open position is for a high school outreach position in Augusta, GA. Community/special event coverage and possible clinic physician support in the Orthopedics/Sports Medicine department may also be assigned on an as needed basis.

The athletic trainer works under advice and consent of a designated physician and must perform with minimal or no supervision. Problems encountered are of a high level of complexity and a considerable amount of creativity, resourcefulness, and innovation are utilized in problem solving. The execution of essential functions are developed using only broad guidelines (e.g., patient care plans), which require a high degree of independence in decision-making. The incumbent is highly involved in the instruction and/or training activities of a variety of students, faculty, clients, patrons, and the general public. Student programming, staff development, and research facilitation are areas which involve a high degree of problem solving, interpretation, and analysis. Therefore, a strong clinical, academic, and organizational background is necessary.

Requirements:

Bachelors Degree from accredited college with Athletic Training curriculum. GA or SC licensure depending on primary work assignment, NATA Certification. Basic Life Support (AHA) Certification
