Program Description- The symposium is created through the feedback of state athletic training members to present relevant information to the profession of athletic training to enable all participants utilization in their practice.

Objective- To provide the most current topics and information to educate participants on trends, techniques, and skills that will enhance the quality provided by these healthcare professionals.

Program Purpose- The purpose of this event is twofold; first, to provide minimum education for the SC DHEC certification and renewal for all state certified athletic trainers. Second, to provide a myriad of current trends and topics for the SCATA membership and participants.

Target Audience- Athletic Trainers

Continuing Education Credit- SCATA (BOC AP#: P322) is approved by the Board of Certification, Inc. to provide continuing education to Certified Athletic Trainers. This program is eligible for a maximum of 9.75 CEU's in Category A and a maximum of 2 Evidence Based Category CEU's.
